

PEST CONTROL TRAINING

August 9th

10:00 am - 2:00 pm

EXCEL

(Beside McDonalds)

Are you worried about bugs you may find in your home, apartment, business or hotel, such as, roaches, bed bugs, lice, millipedes, box elder bugs, Japanese beetles and drain flies? This program, presented by Dr. Lee Townsend & Dr. Mike Potter from University of Kentucky, will help you to identify and control bugs you may find. CEU requests have been requested from Frankfort. This program can be attended by any homeowner, educational institution, business, office management, assisted living, Senior Citizens Center, hotel management, schools, and housing complexes that needs information on bug management.

Registration is \$6, which includes lunch. Open to the public!
For more information, call 598-2789.
