

2025 East Kentucky HAY CONTEST

 Cooperative
Extension Service

FREE!
HAY
TESTING

Testing will begin in September!

The 2025 East KY Hay Contest is coming up this fall. We encourage everyone to sign up because this is more than a contest, it's a free opportunity for producers to have their hay samples tested and analyzed at the UK forage lab. The goal is to help producers understand the nutritional value of their hay, make informed decisions about feeding livestock, and potentially improve their farm profitability. You do not have to enter the contest to have your hay tested.
