

POLLINATORS

MONARCH WAYSTATION KIT ORDER, PICK-UP & PLANTING DEMONSTRATION

A monarch waystation is a place that provides monarch butterflies with the resources they need to survive and reproduce.

We are currently taking orders for Monarch Waystation kits. Kits will include everything you need to create a habitat that supports the entire life cycle of the Monarch butterfly. Kits are \$75 and can be ordered until May 14th.

Kits will be available for pickup on May 17th from 10:00 AM - 1:00 PM. Jimmy Sizemore will be doing a planting demonstration at that time as well.

Please call 598-2789 to place your order! Pickup and planting demo will be at the EXCEL Building, 86 Muddy Gap Rd.
